*"Nothing pleases a child more than to have an adult to share an experience with, and playing together musically is a wonderful medium for families to share together in a world filled with "be-alone" activities. When you become a companion to children, by sharing their wonder," you give them a gift for life!"*

A sequential program where children learn to read and write music through song, dance, and instrument exploration. The importance of ensemble music making, orchestral instruments, and musical composition will be emphasized.

**Mondays @ 4:15 pm** Classes meet for 60 minutes / 15 weeks.

## Music Makers Year 2 - "At the Keyboard"

(ages 6-8 years – without parent)

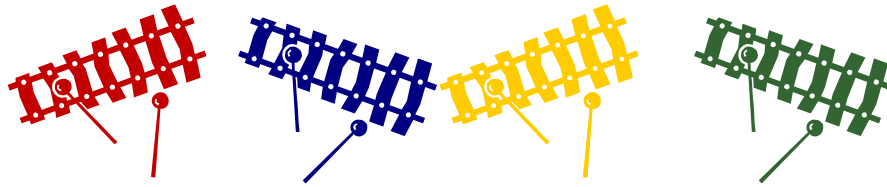

An introductory group keyboard class for young beginners. We will connect the child's bodily understanding of beat, rhythm, and musical concepts to the piano while capitalizing on the child's love of group music-making. We'll stress improvisation and composition as a natural part of piano playing and further build the foundation for music literacy.
